

16th Birthday

I turn 16 on this day
I turn & look as Happy Birthday plays

I wonder how I would feel
If this Birthday cake was my last meal.

Birthday cake, presents, balloons
Running around like little bafoons

16th Birthday & you won't see me drive
You aren't here, you aren't alive

I'll try to live this year for you
Work hard doing all I can do

Please watch over me as I drive
Guide my car and keep me alive

Presents have been opened and pop goes balloons
No more running like big bafoons.

All I can do, All I have done
Will be for you since you're gone

I turn around & look & feel
I taste my cake & this wonderful meal

I turned 16 on this day
I turn & smile as Happy Birthday plays
